Never Look Away Trauma Training Program, Registration Page for Attendees.

Never Look Away Trauma Training Program for Professionals in Child-Serving Systems

The Never Look Away Trauma Training Program is an animated video training series comprised of 9 live modules with an accompanying curriculum to teach key concepts and skills on trauma-informed care, in a highly engaging, interactive fashion. The series centers on two characters: Ethan and Angela; children who have experienced traumatic events and subsequently have significant problems related to their sense of safety and security in their environment. The series engages participants to consider how to help these children – and the great many children like them – to feel safe and secure in their worlds. Each session also includes break out discussions in which attendees apply the concepts to actual children they are working with or have worked with.
